Applicability of Tariff

This tariff contains the regulations and rates applicable to the provision of intrastate household goods moved by SMOOTH MOVE. These services are furnished between points and places within the state of South Carolina.

SECTION 1

1. Transportation Charges and Hourly Moving Rates

1.1 Intrastate Local Moves (45 Roundtrip Miles of Less)

Intrastate Local Moves refers to all moves completed within 45 roundtrip miles, calculated by using the distance from the SMOOTH MOVE office location to the move origin and adding to it the estimated return mileage from the final move destination back to the office. The amount of time spent driving with goods-in-transit between the move origin and destination (plus additional stops if any) will be billed at the applicable hourly labor rate and this mileage will not be included in the 45 roundtrip mileage calculation.

These type moves and services will incur a 1-hour travel charge billed at the applicable hourly rate plus actual moving time and labor incurred subject to a two-hour minimum labor charge. This charge covers fuel and travel time spent driving to and from our office location for local moves with travel of less than 45 roundtrip miles. A 4-hr minimum labor charge will apply on all Federal holidays.

1.2 Intrastate Long Distance Moves (Exceeding 45 Roundtrip Miles)

Intrastate Long Distance moves refer to all moves exceeding 45 roundtrip miles from the SMOOTH MOVE office location with mileage being calculated in the same manner as described above in Section 1.1. In addition to incurring the same 1-hour travel charge that applies to Intrastate Local Moves, these moves will also incur an additional excess mileage fee of \$3.50 per mile per truck for any mileage in excess of 45 roundtrip miles.

The customer will also be charged for any reasonable reimbursable out-of-pocket travel expenses for meals and hotel accommodations of \$100 per mover per night for all moves requiring an overnight out of town stay. Moves with total roundtrip miles ranging between 45 to 150 miles will be subject to a four-hour labor minimum, whereas moves exceeding 150 total roundtrip miles will be subject to a six-hour labor minimum.

1.3 Hourly Labor Rates

Moves with three or fewer movers include the use of one moving truck, whereas, moves with greater than three movers include the use of up to two moving trucks as needed. Rates displayed below are hourly rates for residential moving services shown in USD's and include labor and a moving truck(s), as well as proper moving equipment and blankets.

	OFF-PEAK		PEAK	
	<u>Weekday</u>	<u>Weekend</u>	<u>Weekday</u>	<u>Weekend</u>
2 Movers	114	124	119	129
3 Movers	149	159	154	164
Additional Mover	45	45	45	45

Labor time will be billed in fifteen-minute increments subject to the minimum labor charge plus the applicable Transportation Charges. After the minimum labor time, the hourly rates are calculated in fifteen-minute increments with any interim charge rounded up the next fifteen-minute increment. Labor time is measured at the appropriate hourly rate from when the movers arrive at the customer's first location and will be incurred until the move is completed. If a customer cancels within 24 hours of their scheduled move, SMOOTH MOVE reserves the right to charge up to the applicable move minimum or some lesser amount at their sole discretion.

Hourly rates vary based on Peak and Off-Peak seasons, as well as Weekdays and Weekends. Peak rates are only applicable in a calendar year during the period from April 1st to October 30th. Weekend rates apply to moves occurring on a Friday, Saturday or Sunday. Peak/Weekend rates shall also apply to all federal holidays as well as the first and last three days of the month.

1.4 Promotions

SMOOTH MOVE does not offer promotional rates of normal hourly service charges to customers who are active duty military, disabled veterans, senior citizens, college students, or people affiliated with a certain business or organization. All charges and fees will be uniform and nondiscriminatory for all of our customers.

The rates and charges in this tariff do not include servicing or connection of appliances such as freezers, refrigerators, ice makers, dish washers, washers/dryers, gas appliances, televisions or similar articles. SMOOTH MOVE is not responsible for the electrical and/or mechanical functioning of IT equipment (computers, copiers, hard drives, printers, etc.), TV's, radios, clocks, or any other similar items or appliances regardless to whether or not our employees packed or loaded the items. We highly recommend major appliances be serviced by a 3rd party qualified service company. SMOOTH MOVE is strictly prohibited by insurance to disconnect or reconnect the Shipper's appliances and articles; and this remains the sole responsibility and liability of the Shipper.

SECTION 3

3. Rules and Regulations

3.1 Claims Process, Valuation and Exclusions

Claims Process:

Although our movers will be careful with your possessions, from time to time damages may occur. SMOOTH MOVE has a defined process for claim's handling to ensure each claim is addressed in a timely manner.

All claims for loss, damage or overcharge must be written and should be attached to the Bill of

Lading. A claim form will be provided that is to be completed by the customer and submitted to initiate the claims process. Once received, our Claims Specialists will contact you to begin the damage claim process. This process can include, but is not limited to, an on-site evaluation of the damage(s), photo request, written explanation, third party valuation, and/or original purchase receipt. If damage is discovered after completion of your move, a claim must be called into our office within 96 hours of the move. If your items are placed into storage, as soon as we release custody, valuation of your items cannot be claimed. No damage claims will be honored until the charges for moving services are paid in full.

Basic Valuation Protection

Basic Value Protection is a type of coverage included standard with all regulated moving services at no additional charge. This level of protection can often be minimal and inadequate as it provides a released value of \$0.60 per pound per article if items are lost, destroyed or damaged. For example under this coverage, the mover would only be required to pay \$24.00 for a broken flat screen television weighing 40 pounds. We reserve the right to repair the damaged items or replace with like-kind quality at current market value. If the damages cannot be repaired, customer will be compensated based on the Basic Value Protection, as set for the next paragraph, that they acknowledged acceptance of by signing for on the bill of lading prior to the move taking place.

Additional Insurance or Full Replacement Coverage

SMOOTH MOVE does not provide or sell additional insurance or full replacement value coverage. These type coverages are recommended and may be purchased solely at the option of the Shipper through a 3rd party provider that has no affiliation with SMOOTH MOVE.

Exclusions:

Certain items are excluded from the Basic Valuation coverage and any and all liability of SMOOTH MOVE:

1. *Articles of Extraordinary Value* (antiques, fine art, statues, sculptures, memorabilia, souvenirs, keepsakes, jewelry, furs, stocks, bonds and cash; and similar like items).

3.3 Governing Authorities

SMOOTH MOVE rates and charges are governed by the terms and conditions of this tariff, and the Rules and Regulations of the South Carolina Public Service Commission and the laws of South Carolina.

Items of extraordinary or unique value such as artwork, statues, antiques, clocks, pianos, electronics, etc. are subject to the Basic Value Coverage described in Section 3.1.3 which generally will be inadequate protection. Third party coverage should be purchased to cover these items or the Shipper should select a qualified mover that offer to purchase additional insurance.

Each customer will be provided with a copy of SMOOTH MOVE's Bill of Lading consistent with the Commission's rules 103-158 and 103-159. The terms and conditions of the Bill of Lading have been published on the SCPSC's website and are available for viewing.

SMOOTH MOVE shall not be liable for any damages caused to personal or real property resulting from flood or water leaks of any cause or nature. Responsibility for water and gas lines connections remains solely with the Shipper, and we recommend they hire a licensed, certified and insured plumbing or electrical contractor.
